

ProBitian Website ðŸ“½ User Guide

Official User & Learner Guide for the ProBitian Business Intelligence & Data Analytics Platform.

1. Introduction & Platform Overview

ProBitian is a premium, end-to-end Business Intelligence and Data Analytics learning ecosystem founded by ****Shivam Baghel****. The platform is designed to help students, data analysts, BI developers, and technology enthusiasts master practical skills in Power BI, SQL, Python, Advanced Excel, Financial Modeling, and AI-assisted analytics.

Core Objectives

- ðŸ“½ ****Hands-On Learning****: Access interactive skill modules, video tutorials, and real-world project portfolios.
- ðŸ“½ ****Portfolio Building****: Download raw dataset files (CSV, XLSX) allowing learners to build verified resume projects.
- ðŸ“½ ****Industry Insights****: Read in-depth technical articles on DAX formulas, SQL optimization, and data engineering.
- ðŸ“½ ****Direct Engagement****: Connect directly via contact forms and newsletter subscription channels.

2. Getting Started & Website Navigation

The ProBitian website features a single-page application (SPA) architecture with hash-based route navigation ([#/](#), [#/learn](#), [#/projects](#), etc.) for instantaneous page transitions.

Header Navigation Bar

- ðŸ“½ ****ProBitian Logo****: Click anytime to return to the Home page.
- ðŸ“½ ****Navigation Links****: Home, Learn, Projects, Blog, YouTube, About, Contact.
- ðŸ“½ ****Theme Switcher****: Sun/Moon icon in the top header bar toggles between Light Mode and Dark Mode.
- ðŸ“½ ****Responsive Mobile Menu****: On mobile screens (<768px), a hamburger icon opens a full-screen mobile menu.

Public Website Pages & Routes

- ðŸ“½ ****Home (#/)****: Platform overview, hero statistics, core features, top courses, featured portfolio projects, and YouTube highlights.
- ðŸ“½ ****Learn (#/learn)****: Complete course catalog with filter tabs, skill level badges, video lessons, PDF cheat sheets, and dataset downloads.
- ðŸ“½ ****Projects (#/projects)****: Portfolio gallery of real-world Power BI & SQL dashboards featuring problem statements, live interactive demos, GitHub repos, and raw sample dataset downloads.
- ðŸ“½ ****Blog (#/blog)****: Technical articles, DAX optimization guides, and BI career frameworks with code snippets and video walk-throughs.
- ðŸ“½ ****YouTube (#/youtube)****: Curated repository of video tutorials, playlists, and channel subscription highlights.
- ðŸ“½ ****About (#/about)****: Founder profile (Shivam Baghel), platform mission statement, impact metrics, and learning roadmap.
- ðŸ“½ ****Contact (#/contact)****: Direct message portal for course inquiries, mentorship, or project collaborations, plus official ProBitian Community Hub location.
- ðŸ“½ ****Terms of Service (#/terms)****: Platform usage terms, intellectual property, and learner guidelines.
- ðŸ“½ ****Privacy Policy (#/privacy-policy / #/privacy)****: Data handling practices, cookie policies, user rights, and privacy controls.

3. Home Page Guide

The Home page serves as the entry point to the ProBitian ecosystem.

Key Sections & Interactions

- **Hero Banner****: Features primary headline, tagline, "Start Learning" CTA ([#/learn](#)), and "Explore Projects" CTA ([#/projects](#)).

2. **Value Proposition Cards**: Highlights core skill pillars: Power BI Mastery, SQL Querying, Advanced Excel, and AI Tools for Data Professionals.
3. **Featured Course Cards**: Direct buttons opening detailed course curriculum modals.
4. **Featured Project Showcase**: Interactive cards displaying project badges, tools used, and direct modal popups.
5. **Latest Blog Articles**: Quick-read summaries with direct links to full technical posts.
6. **YouTube Community Highlights**: Direct links to video tutorials and channel subscription links.
7. **Footer & Newsletter**: Instant subscription box for receiving weekly dataset drops and tips.

4. Learn Page Guide

The Learn page hosts structured learning paths for data professionals.

Course Directory Features

- 1½ **Category Tabs**: Filter courses by All, Power BI, SQL, Excel, Python, or AI.
- 1½ **Skill Level Indicators**: Marked as Beginner, Intermediate, or Advanced.
- 1½ **Interactive Course Modals**: Click any course card to open the curriculum modal containing:
 - 1½ Full course overview & learning outcomes.
 - 1½ Video lesson links and YouTube tutorials.
 - 1½ PDF downloadable guides and cheat sheets.
 - 1½ Practice dataset download buttons.

5. Projects Page Guide

The Projects page offers production-grade portfolio projects designed for resume enhancement.

Project Gallery Features

- 1½ **Filter Options**: Power BI, SQL, Python, Financial Dashboards, Executive Analytics.
- 1½ **Project Modal Views**:
 - 1½ Problem Statement & Business Solution.
 - 1½ Tools & Technologies Used (Power BI Desktop, DAX, PostgreSQL, Python, etc.).
 - 1½ Action Buttons:
 - 1½ **Live Interactive Demo**: Launches embedded or hosted web dashboard.
 - 1½ **GitHub Repository**: Inspect clean SQL queries and Python scripts.
 - 1½ **YouTube Tutorial**: Step-by-step video walkthrough.
 - 1½ **Dataset Download**: Instant access to sample raw data files.

6. Blog Page Guide

The Blog section contains technical tutorials and industry insights.

Article Reader Experience

- 1½ **Category & Tag Filters**: DAX, Data Modeling, SQL Optimization, AI Tools.
- 1½ **Article Modals**: Clean typography with code snippets, key takeaways, and embedded YouTube video walkthroughs.

7. Contact Page Guide & Community Hub Location

Get in touch with Shivam Baghel or the ProBitian support team.

How to Submit an Enquiry

1. Navigate to **Contact** ([#/contact](#)).
2. Enter your **Full Name**, **Email Address**, and optional **Phone Number**.
3. Select your **Subject or Interested Course** (e.g., Power BI Mastery, SQL Bootcamp).
4. Type your message in the text box.
5. Click **Send Message**.

6. Receive immediate on-screen confirmation. Your message is saved securely to Supabase and dispatches an automated notification email via server-side Gmail SMTP / Nodemailer. Expect a reply within 24-48 hours.

Official Community Hub Location

½ **Name**: ProBitian Community Hub

½ **Address**: M93M+688, Salaiya, Madhya Pradesh 486440, India

½ **Plus Code**: M93M+688 Salaiya, Madhya Pradesh

½ **Latitude / Longitude**: 24.6030, 81.2833 (informational)

½ **Google Maps Share URL**: <https://maps.app.goo.gl/T4426JADcNHHFPqb7>

½ **Action**: Click "View on Google Maps ->" to open the location in a new browser tab (target="_blank" rel="noopener noreferrer").

8. Newsletter Subscription

½ Located in the global website footer on every page.

½ Enter your email address and click **Subscribe**.

½ Immediate on-screen confirmation without full page reloads.

9. Legal & Policy Pages

½ **Terms of Service (#/terms)**: Outlines user conduct, intellectual property, course access, and liability limits.

½ **Privacy Policy (#/privacy-policy)**: Explains data collection, cookie usage, email communication preferences, and security measures.

10. Light / Dark Theme & Mobile Experience

½ **Theme Support**: Seamlessly toggle between Light Mode and Dark Mode using the sun/moon button in the top navigation bar. Theme choice persists across sessions.

½ **Mobile Responsiveness**: Designed with responsive layouts and touch targets exceeding 44px for effortless mobile browsing.

11. FAQ & Troubleshooting

½ **Q**: How do I download sample datasets?

½ **A**: Click "Download Dataset" inside any Project or Course modal.

½ **Q**: Are all learning resources free?

½ **A**: Yes, ProBitian provides free public access to course curriculum guides, video links, and sample datasets.

½ **Q**: How do I open the Community Hub location on Google Maps?

½ **A**: Go to the Contact page (#/contact) and click "View on Google Maps ->" on the Community Hub card.
