

ProBitian Website ½ User Guide

Official User & Learner Guide for the ProBitian Business Intelligence & Data Analytics Platform.

Project Owner: **Shivam Singh**

Official Website: <https://probitian.ai.studio/>

Official Communication Email: probitianofficial@gmail.com

1. Introduction & Platform Overview

ProBitian is a premium, end-to-end Business Intelligence and Data Analytics learning ecosystem maintained by **Shivam Singh**. The platform is designed to help students, data analysts, BI developers, and technology enthusiasts master practical skills in Power BI, SQL, Python, Advanced Excel, Financial Modeling, and AI-assisted analytics.

Core Objectives

- ½ ****Hands-On Learning****: Access interactive skill modules, video tutorials, and real-world project portfolios.
- ½ ****Portfolio Building****: Download raw dataset files (CSV, XLSX) allowing learners to build verified resume projects.
- ½ ****Industry Insights****: Read in-depth technical articles on DAX formulas, SQL optimization, and data engineering.
- ½ ****Direct Engagement****: Connect directly via contact forms and newsletter subscription channels.

2. Getting Started & Website Navigation

The ProBitian website features a single-page application (SPA) architecture with hash-based route navigation ([#/](#), [#/learn](#), [#/projects](#), etc.) for instantaneous page transitions.

Header Navigation Bar

- ½ ****ProBitian Logo****: Click anytime to return to the Home page.
- ½ ****Navigation Links****: Home, Learn, Projects, Blog, YouTube, About, Contact.
- ½ ****Theme Switcher****: Sun/Moon icon in the top header bar toggles between Light Mode and Dark Mode.
- ½ ****Responsive Mobile Menu****: On mobile screens (<768px), a hamburger icon opens a full-screen mobile menu.

Public Website Pages & Routes

- ½ ****Home (#/)****: Platform overview, hero statistics, core features, top courses, featured portfolio projects, and YouTube highlights.
- ½ ****Learn (#/learn)****: Complete course catalog with filter tabs, skill level badges, video lessons, PDF cheat sheets, and dataset downloads.
- ½ ****Projects (#/projects)****: Portfolio gallery of real-world Power BI & SQL dashboards featuring problem statements, live interactive demos, GitHub repos, and raw sample dataset downloads.
- ½ ****Blog (#/blog)****: Technical articles, DAX optimization guides, and BI career frameworks with code snippets and video walk-throughs.
- ½ ****YouTube (#/youtube)****: Curated repository of video tutorials, playlists, and channel subscription highlights.
- ½ ****About (#/about)****: Project Owner profile (Shivam Singh), platform mission statement, impact metrics, and learning roadmap.
- ½ ****Contact (#/contact)****: Direct message portal for course inquiries, mentorship, or project collaborations, plus official ProBitian Community Hub location.
- ½ ****Terms of Service (#/terms)****: Platform usage terms, intellectual property, and learner guidelines.
- ½ ****Privacy Policy (#/privacy-policy / #/privacy)****: Data handling practices, cookie policies, user rights, and privacy controls.

3. Home Page Guide

The Home page serves as the entry point to the ProBitian ecosystem.

Key Sections & Interactions

1. **Hero Banner**: Features primary headline, tagline, "Start Learning" CTA ([#/learn](#)), and "Explore Projects" CTA ([#/projects](#)).
2. **Value Proposition Cards**: Highlights core skill pillars: Power BI Mastery, SQL Querying, Advanced Excel, and AI Tools for Data Professionals.
3. **Featured Course Cards**: Direct buttons opening detailed course curriculum modals.
4. **Featured Project Showcase**: Interactive cards displaying project badges, tools used, and direct modal popups.
5. **Latest Blog Articles**: Quick-read summaries with direct links to full technical posts.
6. **YouTube Community Highlights**: Direct links to video tutorials and channel subscription links.
7. **Footer & Newsletter**: Instant subscription box for receiving weekly dataset drops and tips.

4. Learn Page Guide

The Learn page hosts structured learning paths for data professionals.

Course Directory Features

- ½ **Category Tabs**: Filter courses by All, Power BI, SQL, Excel, Python, or AI.
- ½ **Skill Level Indicators**: Marked as Beginner, Intermediate, or Advanced.
- ½ **Interactive Course Modals**: Click any course card to open the curriculum modal containing:
 - ½ Full course overview & learning outcomes.
 - ½ Video lesson links and YouTube tutorials.
 - ½ PDF downloadable guides and cheat sheets.
 - ½ Practice dataset download buttons.

5. Projects Page Guide

The Projects page offers production-grade portfolio projects designed for resume enhancement.

Project Gallery Features

- ½ **Filter Options**: Power BI, SQL, Python, Financial Dashboards, Executive Analytics.
- ½ **Project Modal Views**:
 - ½ Problem Statement & Business Solution.
 - ½ Tools & Technologies Used (Power BI Desktop, DAX, PostgreSQL, Python, etc.).
 - ½ Action Buttons:
 - ½ **Live Interactive Demo**: Launches embedded or hosted web dashboard.
 - ½ **GitHub Repository**: Inspect clean SQL queries and Python scripts.
 - ½ **YouTube Tutorial**: Step-by-step video walkthrough.
 - ½ **Dataset Download**: Instant access to sample raw data files.

6. Blog Page Guide

The Blog section contains technical tutorials and industry insights.

Article Reader Experience

- ½ **Category & Tag Filters**: DAX, Data Modeling, SQL Optimization, AI Tools.
- ½ **Article Modals**: Clean typography with code snippets, key takeaways, and embedded YouTube video walkthroughs.

7. Contact Page Guide & Community Hub Location

Get in touch with Shivam Singh or the ProBitian support team.

How to Submit an Enquiry

1. Navigate to **Contact** ([#/contact](#)).

2. Enter your ****Full Name****, ****Email Address****, and optional ****Phone Number****.
3. Select your ****Subject or Interested Course**** (e.g., Power BI Mastery, SQL Bootcamp).
4. Type your message in the text box.
5. Click ****Send Message****.
6. Receive immediate on-screen confirmation. Your message is saved securely to Supabase PostgreSQL and dispatches an automated notification email via server-side Gmail SMTP / Nodemailer.

Official Community Hub Location

- ½ ****Name****: ProBitian Community Hub
- ½ ****Address****: M93M+688, Salaiya, Madhya Pradesh 486440, India
- ½ ****Plus Code****: M93M+688 Salaiya, Madhya Pradesh
- ½ ****Google Maps Share URL****: <https://maps.app.goo.gl/T4426JADcNHHFPqb7>

8. Newsletter Subscription

- ½ Located in the global website footer on every page.
- ½ Enter your email address and click ****Subscribe****.
- ½ Immediate on-screen confirmation. Subscriptions persist directly to Supabase PostgreSQL and trigger a welcome email via Gmail SMTP.

9. Legal & Policy Pages

- ½ ****Terms of Service (#/terms)****: Outlines user conduct, intellectual property, course access, and liability limits.
- ½ ****Privacy Policy (#/privacy-policy)****: Explains data collection, email communication preferences, and security measures.

10. Analytics & Privacy

- ½ Website visits are anonymously measured via Google Analytics 4 (GA4) for site quality and performance optimizations. Users do not need any setup or configuration.

11. FAQ & Troubleshooting

- ½ ****Q: How do I download sample datasets?****
- ½ ****A****: Click "Download Dataset" inside any Project or Course modal.
- ½ ****Q: Are all learning resources free?****
- ½ ****A****: Yes, ProBitian provides free public access to course curriculum guides, video links, and sample datasets.
- ½ ****Q: How do I contact ProBitian directly?****
- ½ ****A****: Use the Contact page (#/contact) or email probitianofficial@gmail.com.
